

ICPI PaverPAC

Yes, I want to contribute because I care about our industry, our livelihood and most importantly about the future.

PaverPAC supports candidates who share our vision to

- 1) Recognize, support, and promote the “green” benefits of pavers in construction
- 2) Reduce “barriers to adoption” in using pavers by all levels of government, to help us grow
- 3) Resist onerous labor laws that would inhibit our operations and growth
- 4) Oppose regulations that limit the use of concrete products

Sign me up for the ICPI PaverPAC Reception on Wednesday, August 25 in Annapolis, MD from 6:30-8:00pm!
